

New . . . Ansey Robot Telephone Answering Machine

Now . . . Your Phone Calls
Taken Automatically . . .
By Robot . . . 24 Hours a Day

**YOUR HOME OR OFFICE PHONE
IS ALWAYS ANSWERED
AUTOMATICALLY.**

New automatic invention gives you a low cost 24 hour answering and message announcing and receiving Robot.

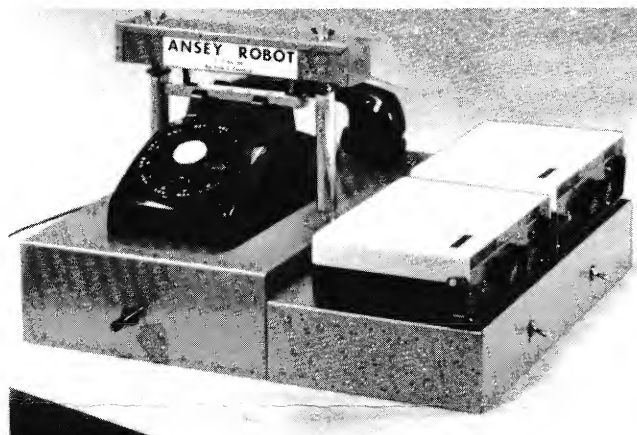

**NO INSTALLATION NEEDED.
YOU USE YOUR PHONE AT ANY
TIME IN THE REGULAR MANNER.**

Simply rest your phone on top of the Robot cabinet and the Robot is ready to operate. The Robot is activated by induction whenever your phone rings. No wiring, hook up, or connections are needed.

USE ANSEY ROBOT FOR: making appointments, informing callers where you can be reached, requesting callers to leave their name and number so you can call them back, taking orders, giving sales messages, announcing movie schedules, giving daily food menus, special sales information and prices, club news, etc. You record any message you wish to leave for callers. You change message at any time by simply re-recording, or changing the tape.

HOW NEW ANSEY ROBOT WORKS. Simply rest your telephone on the Robot cabinet. Ringing of phone activates Robot by induction, and Robot picks up receiver. Tape #1 automatically starts and gives your recorded message for 10 seconds. Then, tape #2 is activated and records the message from the caller, for 30 seconds. Next, your phone is automatically hung up by the Robot. The unit is immediately ready to receive the next call.

NEW ANSEY ROBOT MODEL #727 RECORDS UP TO 60 INCOMING CALLS AUTOMATICALLY WITHOUT RE-SETTING. You play back the message left for you at any time. Both recorders feature fast rewind mechanisms and erase safety devices.

THANK YOU FOR YOUR LETTER REQUESTING THE ENCLOSED INFORMATION
ON THE NEW ANSEY ROBOT WHICH ANSWERS YOUR TELEPHONE AUTOMATICALLY
24 HOURS A DAY, IN A COURTEOUS, EFFICIENT, PROFESSIONAL MANNER.

Would you like to exchange information and have excellent contact
with all the people who call you every day via telephone and yet
not have to stay near your office phone or pay a monthly service
charge?

New Ansey Robot Answering Machine provides 24 hour answering service
for your office or home phone. No installation needed. Simply place
your phone on the Robot cabinet and flip a switch. Requires no
wires. When your phone rings the Robot is activated by electrical
induction to answer your phone in a professional manner.

Your own recorded voice greets the caller giving any message you
have recorded. Then the caller is asked to leave a message, and
has 30 seconds to record his voice. You play back the incoming
messages when you return to your office.

You no longer leave your telephone unattended for long periods of
time. You avoid losing business opportunities and promote
maximum communication for your office contacts.

In addition the Robot can be used in your home or office as a
Dictation Machine for recording notes, letters, or memos.

You need good telephone communications for your business and
professional service, and for your social activities.

Now you can easily obtain this low cost answering machine without
a rental fee. You need not pay the \$15 to \$30 per month of most
answering services to obtain 24 hour phone coverage.

Simply send the enclosed coupon today and your new Ansey Robot
Machine will arrive in a few days via Parcel Post.

Your overall business efficiency will be much higher with your
telephone answered 24 hours a day by this new machine.

Very truly yours,
